Our Mission

The Montana Preservation Alliance saves and protects Montana's historic places, traditional landscapes, and cultural heritage. We are the only statewide, not-for-profit organization dedicated to providing Montanans with the resources necessary to preserve our state's unique history and culture.

Since 1987, MPA has helped Montana citizens across the state to achieve a diverse array of preservation initiatives ranging from roof repair and building stabilization to school education programs and cultural landscape documentation. Through our preservation team workshops, lobbying efforts, Preservation Excellence Awards, and annual publication of Montana's Most Endangered Places, MPA provides individuals and communities with the leadership and knowledge to preserve our past for the future.

Heritage Areas

Montana's rich and vibrant cultural heritage is a legacy to appreciate and to share with others. MPA can help communities discover and build upon the past through Heritage Areas. These unique national designations are a means of preserving communities and cultural traditions by making historic places, heritage, and the arts the centerpiece for local economic development programming.
