To: Missoula Retired Police Officers
Retired post July 1, 1975 and their Beneficiaries

From: The Public Employees' Retirement Division BB
Beverly Brinkley, Benefit Bureau Chief

The one time allowance adjustment granted to post 1975 retirees by the 1985 legislature should have been one-half the monthly compensation paid on July 1, 1985 to a newly confirmed police officer. The contract had evidently not been settled at that time and we were not advised of the new salary until January 1986. We however, overlooked making the necessary changes at that time.

Your monthly allowance has been adjusted to reflect this change and you will now receive $ 809.74 per month minus any withholdings you may have. The check you receive for January 1989 includes the retroactive amount due you back to July 1985.

If you have any questions please write:
