REPRESENTING Self - Former Chicago City Planner.

APPEARING ON WHICH PROPOSAL ? SB 185

DO YOU: **SUPPORT** ✓ **OPPOSE** ____ **AMEND** ____

COMMENTS:

I Remember studying impact fee in 1993 in College. They were good then.
But time changes things; so I punched up the American Planning Associations website; www.planning.org.
I just punched into the search box on the left.
"Impact Fees" The American planning Associations Funding and Standards came up.
Having layed both bills side by side with the Planning Assoc Standards in the middle.
SB185 appears to be in greater agreement with the American Planning Associations accumulated wisdom. Planners being more prone to lean toward what is good for the people and the community.
I Therefore I support SB185

REPRESENTING Broadwater Rural Fire District

APPEARING ON WHICH PROPOSAL ? SB 158 / SB 185

DO YOU: **SUPPORT** X **OPPOSE** ____ **AMEND** ____

COMMENTS:

Broadwater County is seeing significant growth in subdivisions in the last 3 years. The increased demands on the infrastructure is growing. To ~~[illegible]~~ assess the anticipated costs, the Rural Fire district determined it's current level of service. Our current level of service is $4830.00 per household. With additional demands we are not able to continue the current level of service without added funds. The passage of impact fee legislation will allow Broadwater County to charge the new developents instead of the taxpayers for maintaining the level of service for all residents New or Old.
