EXHIBIT 21
DATE 2/8/2005
HB

I am Mark Peterson a former First Responder instructor, EMT + Firefighter + Farm Medic Instructor

I have benefitted from the reduction of insurance premiums because of the Training provide to my local fire dept.

I & my communities have benefited from Training from FSTS.

Montana is a very large State, with many vol fire districts. The many successes given by Butch Weedon could be increased by 100fold. They are many.

when we have a major rural fire it is the vol firefighter that are first on the scene

Blaine co had a major fire breakout several years ago with very high winds, because of Training provided by the Fire Service Training School No lives were lost, Blaine county was prepared to respond in a very organized way.

I also support the Ext service Requests.
