BILL NO. SB-291

Mr. Chairman and members of the Education Committee:

My name is Georgianna Estell. I am a homeschooled senior from Moccasin, Montana.

I enjoy being homeschooled because first of all, my mom is an excellant teacher and I have learned alot under her instruction. I have had opportunities that I know alot of other highschoolers have not had. Our family has visited Washington, D.C. twice and gotten a hands-on History class.

Secondly, homeschooling has provided my education with a sound Biblical foundation because of the curriculum we use. I know that because of it, I will be better prepared for the challenges that come with college life.

Thank-you for your time and I would appreciate your voting in opposition of SB 291.

BILL NO. SB-291

Mr. Chairman and members of the Education Committee:
My name is Bridger Estell and I am a fifth grade homeschool student from Moccasin, Mt. I like homeschooling because it is a very good way of learning and because I have had the opportunity to travel all over the United States during the year. And the best thing there is no homework.
Please vote no on SB 291 thank-you for your time.
