Mr. Chairman and members of the Education Committee,

My name is Jonie Estell and I am from Benchland, Montana. I homeschool my five children in grades 2, 5, 8, 10 & 12.

I am honored and blessed to be able to teach my children. They are all very good readers and especially enjoy U.S. and world History. I have been able, by God's grace, to teach them absolute truth, Christian values and guide them throughout these impressionable years.

Thank you for your time and I would appreciate your voting in opposition of SB291.

Jonie Estell
