COMMENTS:

Having lost a brother to Aids I stand against SB 199. I have lived with the Homosexual community as a heterosexual I have first hand experience with the destruction this lifestyle leaves with in it's wake. My brother is dead, his partner is dead, in fact all there multiple partners are dead or are dieing. This is not a direction we should desile for our society. Africa is seeing the fruit of dangerous life choices. In brotherly love I ask you to oppose this bill.
