Vote SB 309

Senate
Legislator
SEN. JEFF MANGAN
Seat No. 44

Chairman Mangan and members of the Local Government Committee:

I urge you to pass SB 309 being introduced by Senator Jerry O'Neil. I happen to be a 32+ resident of Evergreen on the outskirts of Kalispell. We are quite proud of our community and have no desire to be annexed into Kalispell nor do we have any immediate desire to form our own incorporated town. We would just like to keep our options open. This bill does exactly that and I hope that you will do the right thing and pass this our of committee. Thank you.
