SB 332

SENATE TAXATION
EXHIBIT NO. 18
DATE 2-1-05
BILL NO. SB 332

To the Legislators:

I am a senior citizen, an elder, and also a foster grandparent in an elementary school. I have also been a C.N.A. (certified nurse's aide for 20 years. I am appalled to learn, while there are laws against animal abuse, and child abuse; there are apparently no laws against senior elder abuse. Or so I'm told by Missoula Aging

All of you I'm sure have parents, aunts uncles, relatives still living who are elder & seniors. Surely you want them protected. For those elders, especially those in nursing homes, who cannot speak for themselves; I urge passage of legislation to protect them against abuse. —

I rest my case. Thank you.
