EXHIBIT 8
DATE 2/12/07
HB 9

Dear Linda Baker,

Thank you for showing us the museum. I learned alot about food that I didn't know. One of the things I didn't know was that corn made syrup and another thing was that combines used to have use 28 horses to pull it. I also really liked how you guys made the floor out of rocks. I'm glad that you told us that there are 6 kinds of wheat and Pondera has 5 of them because that is a good thing to know.

Sincerely,
Steven Peters

Dear Linda Baker.

Thank you for taking the time out of your day to tell our class about the history of Montana.

The best part of the presentaon I think was learning how many horses or mules it takes to pull a combine. The other thing I enjoyed was learning about the history of Montana I learn about all the foods Montana makes. The bist part was seeing all the picture from montana and seeing The picurture of. Charle Russle.

Sincerly.

Ms. Tanyer 8th graders +
