SENATE JUDICIARY
Exhibit No. 12
Date 2-2-07
Bill No. SB 371

Feb 1, 2007

To the Senate Judiciary:

I am writing to ask the Senate Judiciary to vote no on SB371. I oppose this bill because it will endanger our freedom of speech & freedom of religion - it hurts our First Amendment Rights. I am a Christian & I teach high school youth group - sometimes in church & sometimes in areas outside of the Church. The 1st Amendment gives me the freedom to teach Biblical principles to my students, even principles concerning homosexuality. In other instances, business owners, etc should be able to hire whomever they wish, or deny employment to whomever they wish without threat of discrimination laws coming down on them because they choose to live by their moral convictions. To pass this Bill will give special rights & privledges to homosexuals that no other group of people have. Please vote no & protect our constitutional rights of freedom of speech & religion. Thank-you
