COMMENTS:

As Einstein said, "You cannot simultaneously prevent and prepare for war."

I oppose President Bush's proposed troop surge in Iraq. This step cannot bring good as it is one more in a process of war that has been wrong from the beginning. The last money spent in this process should be to bring the troops home - IMMEDIATELY, and then to pay Iraq war reparations to reconstruct and repair the infrastructure the U.S. has destroyed in its occupation.

The U.S. should then contemplate how it can prevent future wars and be a model for peace. ~~by directing our resources~~
