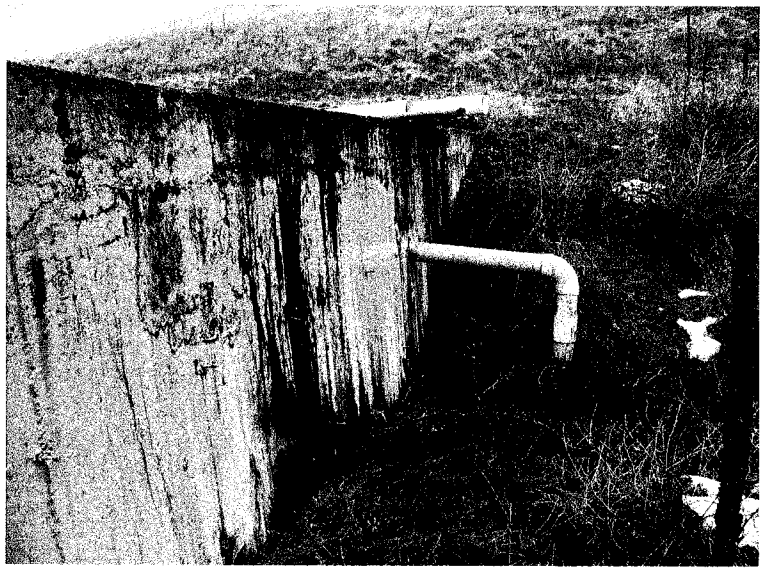
HB 11

JETTE MEADOWS WATER DISTRICT

Location: North Polson
Users: 180

UPDATE

- Storage tank has a subsurface leak causing erosion to adjacent slope
- Tank is being undermined and may FAIL!
  TSEP review states, "…state of disrepair, such as cracks and seeps in the concrete tanks… if allowed to carry on, the disrepair could cause component failure and water outage. Water outage can induce backflow / backsiphonage and system contamination."



Current Rate: $45/month

Proposed Rate with Grants: $55/mo
