To: House Appropriations Committee

From: Mary Dalton, Bob Runkel

Re: **HB 565 – Clarify requirements for providing services to high-risk children**

The following chart provides requested information concerning placements of youth funded by Medicaid:

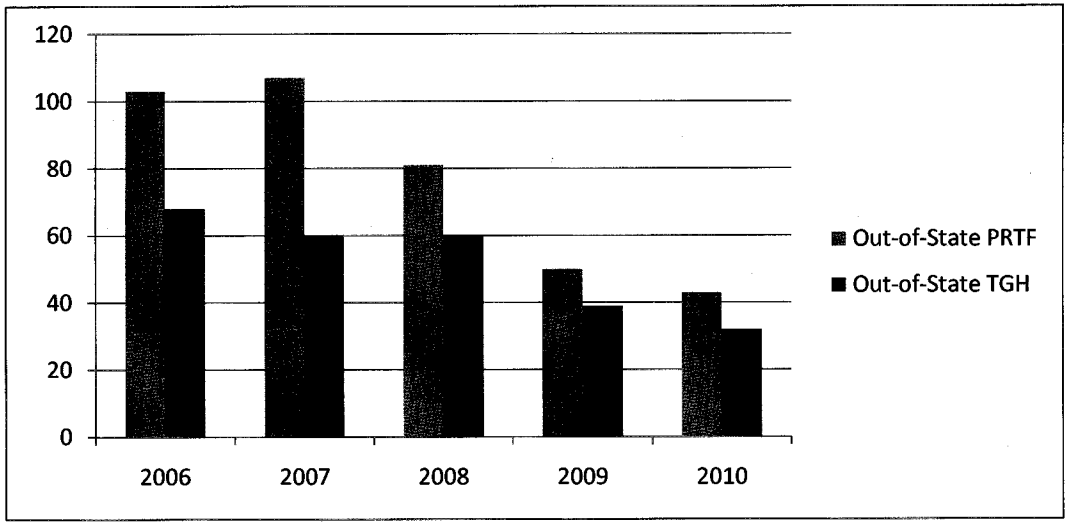
- The average daily cost of in-state placements of youth into psychiatric residential treatment facilities
- The average daily cost of out-of-state placements of youth into psychiatric residential treatment facilities
- The number of children served in out-of-state facilities over the past five years that were funded by Medicaid.

Numbers of Children in Out-of-State Facilities With Services Funded by Medicaid

Out of State Youth Services by State Fiscal Year

Psychiatric Residential Treatment Facility (PRTF)
Therapeutic Group Home (TGH)

	2006	2007	2008	2009	2010
Out-of-State PRTF	103	107	81	50	43
Out-of-State TGH	68	60	60	39	32



Average PRTF Cost Per Day	
In-State	$332
Out-of-State	$380

In-State average PRTF cost = base rate plus average provider specific ancillary rate.

Out-of-State average PRTF cost = average of Medicaid allowable rate.

NOTES:

1. Data includes number of Medicaid eligible children who received out-of-state PRTF or TGH services funded either fully or partially by Children's Mental Health.

2. Data reflected in the chart includes the number of children receiving services for each service type. It is possible for a child to receive PRTF and TGH services within the same year.
