To Whom It May Concern And Mr. Roberts,

I strongly object to any cuts in Medicaid. I use both the waiver program and Personal Assistance program. In the past 6 years I have suffered back surgery that went bad, 2 brain aneurisms, a heart attack and several bouts of pnemonia, my colon removed and 5 months in the hospital. I also developed Parkinsons.

It would be a trajedy to cut any of these programs.

Thank you.

Sincerely,
Julie Morley
