To whom it may concern

My husband + I have been foster parents for 7 years. We also have adopted 4 children through the dept.

I just wanted to let you know what a wonderful experience it has been dealing with this agency. Any problems or question I had they were always there to help. If I called and left a message they always returned my calls.

I support them 100% They helped me with any + all Resources I needed, They were there before and after all our adoptions with any help we might have needed.

I hope you stand behind them and give them all the help you can, so we can keep these great people.

Thank you
