To Whom it may concern:

My name is Yolonda Jones. I am a 32 year old woman with 3 children. At the beggining of last year I got involved with DFS over my 11 year old daughter due to my very heavy meth and opiate addiction. In June I found out I was pregnant with my 3rd child and could seem to quit my using. I didn't have the money to send myself to treatment and I clearly needed it badly. So my DFS worker looked into my options and found Ada's House through Rimrock, in Billings, Mt. So at 4 months pregnant that is where I went. I loved Ada's House and the treatment it provided me with. I successfully completed 36 days there and owe them my clean time. If it werent for my stay there, I don't know where I would be today. My life was and had been a mess for a very long time. Since completeing Ada's house I lived in Sober living for a couple of months and from there went on to Michelle's house, where I have been for almost 4 months. I am so greatfull for all of the help I have gotten to be where I am in my life today. I now have a very healthy baby girl, my 16 year old recently moved to my brothers house here in Billings to be close to me too, and also my 11 year old daughter was just moved

here to Billings to be near me as well. Now her and I can build our relationship back up with my being in a Rimrock program + her being in a therapeutic foster facility. All of this and my progress in my treatment is owed to my being able to come to Rimrock (Ada's house) to do my treatment. So I thank whomever is responsible for the funding that helped me get here. Again, Thank you all very very much.

Sincerally
