I believe that Montana voters should have to register at least one week before the Election. County employees need this time as a minimum in preparing voting records. The only purpose of not having time for the county employees to prepare the voting registers is to permit voting fraud!

I also think every registered Montana voter should have a picture ID card. The card that I was issued several years ago is useless.

Montana residents need to have their state rights protected at all costs. US Senator Max Baucus was on TV stating that the Montana Legislature needs to cooperate with the National Socialists. We do not!!

I am in total support of your bill to increase the bid limit from $50,000.00 to $100,000.00. As a former municipal employee for the City of Glasgow I understand the importance of this. A few years ago I was forced to order a partial load of asphalt oil because a full load would have exceeded the limit, which in the end cost the City of Glasgow much more money.

Thank you for all of your hard work for the residents of northeastern Montana.

Senator Brenden

As Mayor of Wolf Point, I am in favor of passing Senate Bill 77. Revise municipal contract bidding law - no bid required up to $100K.

# Senate Bill 77 & TSEP funds for Malta

1 message

Hi John,

I am asking you to please support Senate Bill 77 to raise competitive bidding from $50,000 to $100,000. With today's prices for equipment this would REALLY help our town in a positive manner. Malta would really appreciate your support for this bill.

Also Malta's application for TSEP funding fell below the cutoff for funding. However, Carolyn our clerk was there today to testify for our project. (I was not able to attend as I had work conflicts with my "day" job) I would ask you that if Malta's application is one that is considered for additional funding that you support that as well. This project is very important to Malta as we do not have proper fire flows to our Hospital, Clinic, and Nursing home. The money that we would receive from TSEP would be used to help us upgrade our main water line infrastructure to meet fire flow requirements to these vital business in our community and upgrade old deteriorating water infrastructure to several other businesses in Malta as well.

Thanks for your support for Malta!!

Shyla Jones

Mayor of Malta

Sorry I could not be there to support this bill but here is a letter of support you can use if you like.

Chairman Buttrey and Committee members,

For the record my name is Gary Macdonald a Roosevelt Co. Commissioner. Roosevelt Co. does rise in full support of Senator Brendens bill. With the price of equipment today, we can not buy 2 patrol cars for $50,000.00. This will allow rural Counties to purchase vehicles without bidding and having larger urban dealers under bid our local dealers, allowing us to spend taxpayer dollars local. With a $100,000.00 limit Counties could purchase larger equipment at public auctions, saving money. Roosevelt County respectifly request a do pass on SB 77. Thank you for your time.
