HB 507

Montana Department of Justice
2014 Montana Developmental Center Investigations
January, 2015

The Department of Justice Division of Criminal Investigation Children's Justice Bureau received 159 reports of allegations of abuse of clients at the Montana Developmental Center (MDC) in 2014. These reports were classified as follows:

- 4 reports were investigated by MDC prior to the DOJ Facility Investigator's start date.
- 96 reports were investigated by DOJ.
- 59 reports were classified Informational Only by DOJ. These did not meet definitions of abuse.

Facility Investigator's findings are based upon the definitions of abuse in the current MDC policies.
A single report and single investigation may include findings on more than a single staff or client. One report may have both unsubstantiated findings and substantiated findings.
