10-29-14

For the convience of the public trying to read 1,400+ pages, would you please save all compact documents, amendments, exhibits, etc. in a word searchable format + repost them on the state's website and/or Wpic's website?

We would like to see how many times "aboriginal rights" + "time immemorable" appear in these materials.

Please reply as to how soon this can be completed. I'll give you a call to check on your progress.

Thank you,

Sheila Vallejo
