LEGISLATIVE ENVIRONMENTAL
POLICY OFFICE

To All Interested Parties,

An Environmental Assessment (EA) has been prepared for the Future Fisheries Improvement Program. The Program tentatively plans to provide partial funding for a project calling for the installation of a self-cleaning fish screen in the Clearwater ditch located at river mile 3.5 on the Clearwater River. The project site is located on the Clearwater Crossing fishing access site near Clearwater Junction in Missoula County.

In an effort to reduce printing and mailing costs, you have received this post card notifying you that a draft EA has been completed and is available for your review.

If you are interested in receiving a copy of this EA, please contact **Montana Fish, Wildlife and Parks at (406) 444-2432. You can review an electronic version at www.fwp.state.mt.us/publicnotices.** The comment period ends October 18, 2004. Please note that this draft EA will be considered as final if no substantive comments are received by the deadline listed above.
