**Section 2.** Section 76-3-103, MCA, is amended to read:

**"76-3-103. Definitions.** As used in this chapter, unless the context or subject matter clearly requires otherwise, the following definitions apply:

(1) "Certificate of survey" means a drawing of a field survey prepared by a registered surveyor for the purpose of disclosing facts pertaining to boundary locations.

(2) "Cluster development" means a subdivision with lots

clustered in a group of five or more lots that is designed to concentrate building sites on smaller lots in order to reduce capital and maintenance costs for infrastructure through the use of concentrated public services and utilities, while allowing other lands to remain undeveloped.

(3) "Dedication" means the deliberate appropriation of land by an owner for any general and public use, reserving to the landowner no rights that are incompatible with the full exercise and enjoyment of the public use to which the property has been devoted.

(4) "Division of land" means the segregation of one or more parcels of land from a larger tract held in single or undivided ownership by transferring or contracting to transfer title to a portion of the tract or properly filing a certificate of survey or subdivision plat establishing the identity of the segregated parcels pursuant to this chapter. The conveyance of a tract of record or an entire parcel of land that was created by a previous division of land is not a division of land.

(5) "Examining land surveyor" means a registered land surveyor appointed by the governing body to review surveys and plats submitted for filing.

(6) "Final plat" means the final drawing of the subdivision and dedication required by this chapter to be prepared for filing for record with the county clerk and recorder and containing all elements and requirements set forth in this chapter and in regulations adopted pursuant to this chapter.

(7) "Governing body" means a board of county commissioners

or the governing authority of a city or town organized pursuant to law.

(8) "Immediate family" means a spouse, children by blood or adoption, and parents.

(9) "Minor subdivision" means a subdivision that creates five or fewer lots from a tract of record.

(10) "Phased development" means a subdivision application and preliminary plat that at the time of submission consists of independently platted development phases that are scheduled for review on a schedule proposed by the subdivider.

(11) "Planned unit development" means a land development project consisting of residential clusters, industrial parks, shopping centers, or office building parks that compose a planned mixture of land uses built in a prearranged relationship to each other and having open space and community facilities in common ownership or use.

(12) "Plat" means a graphical representation of a subdivision showing the division of land into lots, parcels, blocks, streets, alleys, and other divisions and dedications.

(13) "Preliminary plat" means a neat and scaled drawing of a proposed subdivision showing the layout of streets, alleys, lots, blocks, and other elements of a subdivision that furnish a basis for review by a governing body.

(14) "Public utility" has the meaning provided in 69-3-101, except that for the purposes of this chapter, the term includes county or consolidated city and county water or sewer districts as provided for in Title 7, chapter 13, parts 22 and 23, and

municipal sewer or water systems and municipal water supply systems established by the governing body of a municipality pursuant to Title 7, chapter 13, parts 42, 43, and 44, and small sewer or water utilities as defined in [section 3].

(15) "Subdivider" means a person who causes land to be subdivided or who proposes a subdivision of land.

(16) "Subdivision" means a division of land or land so divided that it creates one or more parcels containing less than 160 acres that cannot be described as a one-quarter aliquot part of a United States government section, exclusive of public roadways, in order that the title to the parcels may be sold or otherwise transferred and includes any resubdivision and a condominium. The term also means an area, regardless of its size, that provides or will provide multiple spaces for rent or lease on which recreational camping vehicles or mobile homes will be placed.

(17) (a) "Tract of record" means an individual parcel of land, irrespective of ownership, that can be identified by legal description, independent of any other parcel of land, using documents on file in the records of the county clerk and recorder's office.

(b) Each individual tract of record continues to be an individual parcel of land unless the owner of the parcel has joined it with other contiguous parcels by filing with the county clerk and recorder:

(i) an instrument of conveyance in which the aggregated parcels have been assigned a legal description that describes the

resulting single parcel and in which the owner expressly declares the owner's intention that the tracts be merged; or

(ii) a certificate of survey or subdivision plat that shows that the boundaries of the original parcels have been expunged and depicts the boundaries of the larger aggregate parcel.

(c) An instrument of conveyance does not merge parcels of land under subsection (17)(b)(i) unless the instrument states, "This instrument is intended to merge individual parcels of land to form the aggregate parcel(s) described in this instrument" or a similar statement, in addition to the legal description of the aggregate parcels, clearly expressing the owner's intent to effect a merger of parcels."

NEW SECTION. **Section 4. Small sewer or water utilities -- regulation.** (1) A private owner of a small sewer or water utility may, as it considers proper, establish or change rates, charges, or classifications imposed for water or sewer service to customers served by the small sewer or water utility.

(2) (a) If an owner of a small sewer or water utility establishes or changes rates, charges, or classifications on or after July 1, 2019, the owner shall provide notice to its customers.

(b) The notice must:

(i) be mailed at least 30 days prior to establishing or changing rates, charges, or classifications;

(ii) contain an estimate of the amount by which the customer's average bill will increase or change and the reason for the proposed increase or change;

(iii) include the address and telephone number of a person who may be contacted for further information regarding the notice; and

(iv) be mailed first class, postage prepaid.

NEW SECTION. **Section 5. Grandfather clause -- transition.** A small sewer or water utility operating under tariffs approved by the commission on or before July 1, 2019:

(1) may continue to operate under those approved tariffs until their expiration; and

(2) shall notify the commission before the expiration of

the approved tariffs that the utility intends to charge rates in accordance with [section 4].

NEW SECTION. **Section 6. {standard} Codification**

**instruction.** [Sections 3 through 5] are intended to be codified as an integral part of Title 69, and the provisions of Title 69 apply to [sections 3 through 5].

NEW SECTION. **Section 7. {standard} Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].
