Total Resources Available							

FTE Available to LJIC

.005 FTE = 10 hours = 1.3 days .05 FTE = 104 hours = 13 days .10 FTE = 208 hours = 24 days .25 FTE = 519 hours = 65 days .50 FTE = 1038 hours = 130 days .75 FTE = 1,557 hours = 195 days 1 FTE = 2,076 hours = 260 days

*Calculation used to arrive at the FTE availability number: The total number of work hours in an interim is 2800. Holidays, known vacation, conference, and meeting hours are subtracted from that total, along with hours for other duties and an estimate of sick time that might be used. In this case, one FTE totals 2,076 hours.

Individual members of the committee may seek additional information on issues that fall under the jurisdiction of the LJIC.

Under rules adopted by the Legislative Council, a staff member may provide up to 16 hours of research for a request that is not included in a committee's work plan unless the presiding officer of the interim committee approves additional research time.
