(1) (a) If a controversy arises over the use of recreational access to a stream or river at a county bridge, the board of county commissioners shall, upon petition by either party, convene and conduct hearings and take any action necessary, including marking of an access route and

modification and removal of fences, barriers, and impediments to reasonable recreational access to the stream or river.

(b) The board, by a reasonable exercise of its police powers and without a hearing, may also condition the recreational access for purposes of public safety.

(c) A majority vote of the board is required for any decision made pursuant to this subsection (1).

(2) The board of county commissioners shall render a final decision within 30 days of the conclusion of any hearing convened pursuant to subsection (1)(a). If recreational access is conditioned without a hearing pursuant to subsection (1)(b), the board shall render a final decision within 60 days of the date a petition is filed with the board.

(3) Within 30 days of a final decision of the board of county commissioners pursuant to subsection (2), either party may appeal the decision to the district court for a trial de novo."

Insert: "**NEW SECTION.** Section 4. Fences within county road right-of-way — legal fence requirements. (1) An existing legal fence as described in 81-4-101 constructed for livestock control, except an electric fence, and the point of attachment to a county bridge may be maintained, repaired, and replaced with a similar fence.

(2) A landowner shall request authorization from the board of county commissioners to attach a new legal fence for livestock control, as described in subsection (1), to a county bridge within the county road right-of-way. The fence and its attachment must be only as restrictive as necessary to control livestock and must be as least restrictive to public access as is reasonable. The board may impose reasonable requirements on the fence and on attachment of the fence, including enhanced access to the stream. The cost of any special conditions imposed in addition to the cost of a legal fence described in subsection (1) must be borne by the department and not the landowner.

(3) A fence that does not meet the definition of a legal fence in 81-4-101 and that is attached to a county bridge within the county road right-of-way is considered a barrier under 23-2-311, and a person desiring recreational access to a stream or river may portage or go around the illegal fence."

Insert: "**NEW SECTION.** Section 5. Proposal for enhancement of stream access — notice and hearing. (1) Any interested person or group or the department may propose to improve and enhance recreational access over or through a legal fence that is attached to a county bridge within the county road right-of-way. Costs for the construction, maintenance, and repair of any improvement or enhancement may not be charged to the owner of the fence but must be borne by the department. The department may accept money from any interested person or group for improving or enhancing recreational access pursuant to this subsection and shall administer the money through the fund created in 87-1-611. The improvement or enhancement may not in any way compromise the purpose for which the fence was constructed.

(2) (a) A proposal to improve and enhance recreational access pursuant to subsection (1) must be presented to the owner of the fence. The proposal must be in writing, and the fence owner has 10 days to evaluate the proposal.

(b) If the proposal is rejected, the interested person or group or the department may petition the board of county commissioners for a hearing on the proposal, and the board shall hold a hearing on the petition. Notice of the hearing must be provided to the fence owner at least 10 days prior to the date set for the hearing. The fence owner has the right to be present at the hearing and to offer testimony and evidence concerning the proposal.

(c) The board shall render a final decision on the petition within 30 days after the hearing. Within 30 days of a final decision of the board, either party may appeal the decision to the district court for a trial de novo.

(3) Once a legal fence is installed that meets the requirements of [section 3 or 4], as applicable, the landowner is entitled to the exemption from liability in 70-16-302."

(c) The board of public education, the board of regents of higher education, the state board of education, the attorney general, the state auditor, the secretary of state, and the superintendent of public instruction may create advisory councils, which shall serve at their pleasure, without the approval of the governor. The creating authority shall file a record of each council created by it in the office of the governor and the office of the secretary of state in accordance with subsection (9).

(2) Each advisory council created under this section must be known as the "... advisory council".

(3) The creating authority shall:

- (a) prescribe the composition and advisory functions of each advisory council created;
- (b) appoint its members, who shall serve at the pleasure of the creating authority; and
- (c) specify a date when the existence of each advisory council ends.

(4) Advisory councils may be created only for the purpose of acting in an advisory capacity, as defined in 2-15-102.

(5) (a) Unless an advisory council member is a full-time salaried officer or employee of this state or of any political subdivision of this state, the member is entitled to be paid in an amount to be

determined by the department head, not to exceed \$50 for each day in which the member is actually and necessarily engaged in the performance of council duties and to be reimbursed for travel expenses, as provided for in 2-18-501 through 2-18-503, incurred while in the performance of council duties. The maximum daily pay rate must be adjusted for inflation annually using the formula provided in 15-6-134(2)(b)(ii) and (2)(b)(iii), ~~except that the base income level and appropriate dollar amount must be \$50 a day~~ subsection (11).

(b) Members who are full-time salaried officers or employees of this state or of any political subdivision of this state are not entitled to be compensated for their service as members but are entitled to be reimbursed for travel expenses, as provided for in 2-18-501 through 2-18-503.

(6) Unless otherwise specified by the creating authority, at its first meeting in each year, an advisory council shall elect a presiding officer and other officers that it considers necessary.

(7) Unless otherwise specified by the creating authority, an advisory council shall meet at least annually and shall also meet on the call of the creating authority or the governor and may meet at other times on the call of the presiding officer or a majority of its members. If the existence of an advisory council is extended, the appointing authority shall specify a new date, not more than 2 years later, when the existence of the advisory council ends and file a record of the order in the office of the governor and the office of the secretary of state. The existence of any advisory council may be extended as many times as necessary.

(11) (a) The income levels contained in subsection (5) must be adjusted for inflation annually. The adjustment to the income levels is determined by:

- (i) multiplying \$50 by the ratio of the PCE for the second quarter of the year prior to the year of application to the PCE for the second quarter of 1995; and
- (ii) rounding the product obtained to the nearest whole dollar amount.

The hourly rate must be adjusted by any statutorily required pay increase. The president of the senate and the speaker of the house must receive an additional \$5 a day in salary for those days during which the legislature is in session.

(2) Legislators may serve for no salary.

(3) Subject to subsection (4), legislators are entitled to a daily allowance, 7 days a week, during a legislative session, as reimbursement for expenses incurred in attending a session. Expense payments must stop when the legislature recesses for more than 3 days and resume when the legislature reconvenes.

(4) After November 15, and prior to December 15 of each even-numbered year, the department of administration shall conduct a survey of the allowance for daily expenses of legislators for the states of North Dakota, South Dakota, Wyoming, and Idaho. The department shall include the average daily expense allowance for Montana legislators in determining the average daily rate for

legislators. The department shall include only states with specific daily allowances in the calculation of the average. If the average daily rate is greater than the daily rate for legislators in Montana, legislators are entitled to a new daily rate for those days during which the legislature is in session. The new daily rate is the daily rate for the prior legislative session, increased by the percentage rate increase as determined by the survey, a cost of living increase to reflect inflation that is calculated pursuant to ~~15-6-134~~ subsection (8), or 5%, whichever is less. The expense allowance is effective when the next regular session of the legislature in which the legislators serve is convened under 5-2-103.

(5) Legislators are entitled to a mileage allowance as provided in 2-18-503 for each mile of travel to the place of the holding of the session and to return to their place of residence at the conclusion of the session.

(6) In addition to the mileage allowance provided for in subsection (5), legislators, upon submittal of an appropriate claim for mileage reimbursement to the legislative services division, are entitled to:

(a) three additional round trips to their place of residence during each regular session; and

(b) additional round trips as authorized by the legislature during special session.

(7) Legislators are not entitled to any additional mileage allowance under subsection (5) for a special session if it is convened within 7 days of a regular session.

(8) (a) The income levels contained in subsection (4) must be adjusted for inflation annually. The adjustment to the income levels is determined by:

(i) multiplying the appropriate dollar amount by the ratio of the PCE for the second quarter of the year prior to the year of application to the PCE for the second quarter of 1995; and

(ii) rounding the product obtained to the nearest whole dollar amount.

"15-16-102. Time for payment — penalty for delinquency. Unless suspended or canceled under the provisions of 10-1-606 or Title 15, chapter 24, part 17, all taxes levied and assessed in the state of Montana, except assessments made for special improvements in cities and towns payable under 15-16-103, are payable as follows:

(1) One-half of the taxes are payable on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, and one-half are payable on or before 5 p.m. on May 31 of each year.

(2) Unless one-half of the taxes are paid on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, the amount payable is delinquent and draws interest at the rate of 5/6 of 1% a month from and after the delinquency until paid and 2% must be added to the delinquent taxes as a penalty.

(3) All taxes due and not paid on or before 5 p.m. on May 31 of each year are delinquent and draw interest at the rate of 5/6 of 1% a month from and after the delinquency until paid, and 2% must be added to the delinquent taxes as a penalty.

(4) (a) If the date on which taxes are due falls on a holiday or Saturday, taxes may be paid without penalty or interest on or before 5 p.m. of the next business day in accordance with 1-1-307.

(b) ~~If taxes on property qualifying under the low-income property tax assistance provisions of 15-6-134(1)(c) and 15-6-191 are paid within 20 calendar days of the date on which the taxes are due, the taxes may be paid without penalty or interest. If a tax payment is made later than 20 days after the taxes were due, the penalty must be paid and interest accrues from the date on which the taxes were due.~~

(5) (a) A taxpayer may pay current year taxes without paying delinquent taxes. The county treasurer shall accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full tax years if taxes for both halves of the current tax year have been paid. Payment of taxes for delinquent taxes must be applied to the taxes that have been delinquent the longest. The payment of taxes for the current tax year is not a redemption of the property tax lien for any delinquent tax year.

(b) A payment by a co-owner of an undivided ownership interest that is subject to a separate assessment otherwise meeting the requirements of subsection (5)(a) is not a partial payment.

(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.

(7) If the department revises an assessment that results in an additional tax of \$5 or less, an additional tax is not owed and a new tax bill does not need to be prepared.

(8) The county treasurer may accept a partial payment of centrally assessed property taxes as provided in 76-3-207."

Insert: "Section 3. Section 69-3-2005, MCA, is amended to read:

"69-3-2005. Procurement — cost recovery — reporting. (1) In meeting the requirements of this part, a public utility shall:

(a) conduct renewable energy solicitations under which the public utility offers to purchase renewable energy credits, either with or without the associated electricity, under contracts of at least 10 years in duration; and

(b) consider the importance of geographically diverse rural economic development when procuring renewable energy credits.

(2) A public utility that intends to enter into contracts of less than 10 years in duration shall demonstrate to the commission that these contracts will provide a lower long-term cost of meeting the standard established in 69-3-2004.

(3) (a) Contracts signed for projects located in Montana must require all contractors to give preference to the employment of bona fide Montana residents, as defined in 18-2-401, in the performance of the work on the projects if the Montana residents have substantially equal qualifications to those of nonresidents.

(b) Contracts signed for projects located in Montana must require all contractors to pay the standard prevailing rate of wages for heavy construction, as provided in 18-2-401(13)(a), during the construction phase of the project.

(4) All contracts signed by a public utility to meet the requirements of this part are eligible for advanced approval under procedures established by the commission. Upon advanced approval by the commission, these contracts are eligible for cost recovery from ratepayers, except that nothing in this part limits the commission's ability to subsequently, in any future cost-recovery proceeding, inquire into the manner in which the public utility has managed the contract and to disallow cost recovery if the contract was not reasonably administered.

(5) A public utility or competitive electricity supplier shall submit renewable energy procurement plans to the commission in accordance with rules adopted by the commission. The plans must be submitted to the commission on or before:

~~(a) January 1, 2007, for the standard required in 69-3-2004(2);~~

~~(b) June 1, 2008, for the standard required in 69-3-2004(3);~~

~~(c) June 1, 2010, for the standard required in 69-3-2004(4); and~~

~~(b) June 1, 2013, for the standard required in 69-3-2004(5);~~

~~(c) June 1, 2018, for the standard required in 69-3-2004(6); and~~

~~(d) any additional future dates as required by the commission.~~

(6) A public utility or competitive electricity supplier shall submit annual reports, in a format to be determined by the commission, demonstrating compliance with this part for each compliance year. The reports must be filed by March 1 of the year following the compliance year.

(7) For the purpose of implementing this part, the commission has regulatory authority over competitive electricity suppliers."

Insert: "Section 1. Section 76-3-103, MCA, is amended to read:

"76-3-103. Definitions. As used in this chapter, unless the context or subject matter clearly requires otherwise, the following definitions apply:

(1) "Certificate of survey" means a drawing of a field survey prepared by a registered surveyor for the purpose of disclosing facts pertaining to boundary locations.

(2) "Cluster development" means a subdivision with lots clustered in a group of five or more lots that is designed to concentrate building sites on smaller lots in order to reduce capital and maintenance costs for infrastructure through the use of concentrated public services and utilities, while allowing other lands to remain undeveloped.

(3) "Dedication" means the deliberate appropriation of land by an owner for any general and public use, reserving to the landowner no rights that are incompatible with the full exercise and enjoyment of the public use to which the property has been devoted.

(4) "Division of land" means the segregation of one or more parcels of land from a larger tract held in single or undivided ownership by transferring or contracting to transfer title to or possession of a portion of the tract or properly filing a certificate of survey or subdivision plat establishing the identity of the segregated parcels pursuant to this chapter. The conveyance of a tract of record or an entire parcel of land that was created by a previous division of land is not a division of land.

(5) "Examining land surveyor" means a registered land surveyor appointed by the governing body to review surveys and plats submitted for filing.

(6) "Final plat" means the final drawing of the subdivision and dedication required by this chapter to be prepared for filing for record with the county clerk and recorder and containing all elements and requirements set forth in this chapter and in regulations adopted pursuant to this chapter.

(7) "Governing body" means a board of county commissioners or the governing authority of a city or town organized pursuant to law.

(8) "Immediate family" means a spouse, children by blood or adoption, and parents.

(9) "Minor subdivision" means a subdivision that creates five or fewer lots from a tract of record.

(10) "Planned unit development" means a land development project consisting of residential clusters, industrial parks, shopping centers, or office building parks that compose a planned mixture of land uses built in a prearranged relationship to each other and having open space and community facilities in common ownership or use.

(11) "Plat" means a graphical representation of a subdivision showing the division of land into lots, parcels, blocks, streets, alleys, and other divisions and dedications.

(12) "Preliminary plat" means a neat and scaled drawing of a proposed subdivision showing the layout of streets, alleys, lots, blocks, and other elements of a subdivision that furnish a basis for review by a governing body.

(13) "Public utility" has the meaning provided in 69-3-101, except that for the purposes of this chapter, the term includes county or consolidated city and county water or sewer districts as provided for in Title 7, chapter 13, parts 22 and 23.

(14) "Subdivider" means a person who causes land to be subdivided or who proposes a subdivision of land.

(15) "Subdivision" means a division of land or land so divided that it creates one or more parcels containing less than 160 acres that cannot be described as a one-quarter aliquot part of a United States government section, exclusive of public roadways, in order that the title to or possession of the parcels may be sold, rented, leased, or otherwise conveyed and includes any resubdivision and further includes a condominium or area, regardless of its size, that provides or will provide multiple space for recreational camping vehicles or mobile homes.

(16) (a) "Tract of record" means an individual parcel of land, irrespective of ownership or instrument of conveyance, that can be identified by legal description, independent of any other parcel of land, using documents on file in the records of the county clerk and recorder's office.

- (b) Each individual tract of record continues to be an individual parcel of land unless the owner of the parcel has joined it with other contiguous parcels by filing with the county clerk and recorder:
- (i) an instrument of conveyance in which the aggregated parcels have been assigned a legal description that describes the resulting single parcel and in which the owner expressly declares the owner's intention that the tracts be merged; or
 - (ii) a certificate of survey or subdivision plat that shows that the boundaries of the original parcels have been expunged and depicts the boundaries of the larger aggregate parcel.
- (c) An instrument of conveyance does not merge parcels of land under subsection (16)(b)(i) unless the instrument states, "This instrument is intended to merge individual parcels of land to form the aggregate parcel(s) described in this instrument" or a similar statement, in addition to the legal description of the aggregate parcels, clearly expressing the owner's intent to effect a merger of parcels."

"76-3-621. Park dedication requirement. (1) Except as provided in 76-3-509 or subsections (2), (3), and (6) through (9) of this section, a subdivider shall dedicate to the governing body a cash or land donation equal to:

- (a) 11% of the area of the land proposed to be subdivided into parcels of one-half acre or smaller;
- (b) 7.5% of the area of the land proposed to be subdivided into parcels larger than one-half acre and not larger than 1 acre;
- (c) 5% of the area of the land proposed to be subdivided into parcels larger than 1 acre and not larger than 3 acres; and
- (d) 2.5% of the area of the land proposed to be subdivided into parcels larger than 3 acres and not larger than 5 acres.

(2) When a subdivision is located totally within an area for which density requirements have been adopted pursuant to a growth policy under chapter 1 or pursuant to zoning regulations under chapter 2, the governing body may establish park dedication requirements based on the community need for parks and the development densities identified in the growth policy or

regulations. Park dedication requirements established under this subsection are in lieu of those provided in subsection (1) and may not exceed 0.03 acres per dwelling unit.

(3) A park dedication may not be required for:

- (a) land proposed for subdivision into parcels larger than 5 acres;
- (b) subdivision into parcels that are all nonresidential;
- (c) a subdivision in which parcels are not created, except when that subdivision provides permanent multiple spaces for recreational camping vehicles, mobile homes, or condominiums; or

(4) The governing body, in consultation with the subdivider and the planning board or park board that has jurisdiction, may determine suitable locations for parks and playgrounds and, giving due weight and consideration to the expressed preference of the subdivider, may determine whether the park dedication must be a land donation, cash donation, or a combination of both. When a combination of land donation and cash donation is required, the cash donation may not exceed the proportional amount not covered by the land donation.

(5) (a) In accordance with the provisions of subsections (5)(b) and (5)(c), the governing body shall use the dedicated money or land for development, acquisition, or maintenance of parks to serve the subdivision.

(b) The governing body may use the dedicated money to acquire, develop, or maintain, within its jurisdiction, parks or recreational areas or for the purchase of public open space or conservation easements only if:

- (i) the park, recreational area, open space, or conservation easement is within a reasonably close proximity to the proposed subdivision; and
- (ii) the governing body has formally adopted a park plan that establishes the needs and procedures for use of the money.

(c) The governing body may not use more than 50% of the dedicated money for park maintenance.

(6) The local governing body shall waive the park dedication requirement if:

- (a) (i) the preliminary plat provides for a planned unit development or other development with land permanently set aside for park and recreational uses sufficient to meet the needs of the persons who will ultimately reside in the development; and
- (ii) the area of the land and any improvements set aside for park and recreational purposes equals or exceeds the area of the dedication required under subsection (1);
- (b) (i) the preliminary plat provides long-term protection of critical wildlife habitat; cultural, historical, or natural resources; agricultural interests; or aesthetic values; and
- (ii) the area of the land proposed to be subdivided, by virtue of providing long-term protection provided for in subsection (6)(b)(i), is reduced by an amount equal to or exceeding the area of the dedication required under subsection (1);
- (c) the area of the land proposed to be subdivided, by virtue of a combination of the provisions of subsections (6)(a) and (6)(b), is reduced by an amount equal to or exceeding the area of the dedication required under subsection (1); or
- (d) (i) the subdivider provides for land outside of the subdivision to be set aside for park and recreational uses sufficient to meet the needs of the persons who will ultimately reside in the subdivision; and
- (ii) the area of the land and any improvements set aside for park and recreational uses equals or exceeds the area of dedication required under subsection (1).

(7) The local governing body may waive the park dedication requirement if:

- (a) the subdivider provides land outside the subdivision that affords long-term protection of critical wildlife habitat, cultural, historical, or natural resources, agricultural interests, or aesthetic values; and
- (b) the area of the land to be subject to long-term protection, as provided in subsection (7)(a), equals or exceeds the area of the dedication required under subsection (1).

(8) A local governing body may, at its discretion, require a park dedication for a subsequent minor subdivision as described in 76-3-609(3). A local governing body that chooses to require a park dedication shall specify in regulations the circumstances under which a park dedication will be required.

(9) Subject to the approval of the local governing body and acceptance by the school district trustees, a subdivider may dedicate a land donation provided in subsection (1) to a school district, adequate to be used for school facilities or buildings.

(10) For the purposes of this section:

(a) "cash donation" is the fair market value of the unsubdivided, unimproved land; and

(b) "dwelling unit" means a residential structure in which a person or persons reside.

(11) A land donation under this section may be inside or outside of the subdivision."

"15-23-703. Taxation of gross proceeds — taxable value for county classification and ~~guaranteed tax base aid to schools nontax purposes.~~ (1) ~~(a)~~ The department shall compute from the reported value of coal gross proceeds ~~from coal~~ a tax roll that must be transmitted to the county treasurer on or before September 15 of each year. The department may not levy or assess any mills against the reported coal gross proceeds of coal but shall, ~~subject to subsection (1)(b),~~ levy a tax of 5% against the value of the reported gross proceeds coal as provided in 15-23-701(1)(d). The county treasurer shall give full notice to each coal producer of the taxes due and shall collect the taxes.

(b) If the county grants a tax abatement for production from a new or expanding underground mine as provided in [section 1], the department shall levy a tax at a rate that would, after providing for payment to the state of the amount attributable to all applicable state mill levies as if the tax rate were 5%, reduce the tax received by county taxing jurisdictions and any school district on the new or expanded production by 50%.

(2) For county classification and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102.

~~(3) Except as provided in subsection (6), the county treasurer shall calculate and distribute to the state, county, and eligible school districts in the county the amount of the coal gross proceeds tax, determined by multiplying the unit value calculated in 15-23-705 times the tons of coal extracted, treated, and sold on which the coal gross proceeds tax was owed during the preceding calendar year.~~

(4) Except as provided in subsections (5), (6), and (8), the county treasurer shall credit the amount determined under subsection (3) and the amounts received under 15-23-706:

(a) to the state and to the counties that levied mills in fiscal year 1990 against 1988 production in the relative proportions required by the levies for state and county purposes in the same manner as property taxes were distributed in fiscal year 1990 in the taxing jurisdiction; and

(b) to school districts in the county that either levied mills in school fiscal year 1990 against 1988 production or used nontax revenue, such as impact aid money, as provided in 20 U.S.C. 7701, et seq., in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in the 1990 school fiscal year in the school district.

(5) (a) If the total tax liability in a taxing jurisdiction exceeds the amount determined in subsection (3), the county treasurer shall, immediately following the distribution from taxes paid on May 31 of each year, send the excess revenue, excluding any protested coal gross proceeds tax revenue, to the department for redistribution as provided in 15-23-706.

(b) If the total tax liability in a taxing jurisdiction is less than the amount determined in subsection (3), the taxing jurisdiction is entitled to a redistribution as provided by 15-23-706.

(3) (a) Except as provided in subsections (4) and (7) and subject to subsection (3)(b), coal gross proceeds taxes must be allocated to the state, county, and school districts in the same relative proportions as the taxes were distributed in fiscal year 1990.

(b) The county treasurer shall multiply the coal gross proceeds taxes collected in the county under this part by the relative proportions determined for the state, county, and school districts under subsection (3)(a). Those amounts must be distributed as follows:

- (i) the state share must be distributed in the relative proportions required by levies for state purposes in the same manner as property taxes were distributed in fiscal year 1990;
- (ii) except as provided in subsection (5), the county share must be distributed in the relative proportions required by levies for county purposes, other than an elementary school or high school, in the same manner as property taxes were distributed in the previous fiscal year;
- (iii) except as provided in subsection (6), the school districts' share must be distributed in the relative proportions required by levies for school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

(4) If there is a distribution of coal gross proceeds from a new or expanding underground mine with a tax abatement as provided under [section 1], the county treasurer shall distribute:

- (a) the state's share of the coal gross proceeds determined under subsection (1)(b) in the relative proportion required by the appropriate levies for state purposes; and
- (b) the county's share and any school district's share of the coal gross proceeds determined under subsection (1)(b) as provided in this section.

~~(6)~~(5) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection ~~(4)(a)~~ (3)(b)(i), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

- (a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in the previous fiscal year 1990.
- (b) If the allocation in subsection ~~(6)(a)~~ (5)(a) exceeds the total budget ~~for~~ of a taxing unit, the commissioners may direct the county treasurer to ~~allocate~~ reallocate the excess to any taxing unit within the county.

~~(7)~~(6) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

- (a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in the previous fiscal year 1990.
- (b) If the allocation under subsection ~~(7)(a)~~ (6)(a) exceeds the total budget for a fund, the trustees may ~~allocate~~ reallocate the excess to any budgeted fund of the school district.

~~(8)~~(7) ~~The~~ Except as provided in subsections (8) and (9), the county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

(8) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds under subsection (7) in the same manner as provided in subsection (5).

(9) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under subsection (7) in the same manner as provided in subsection (6)."
