1. Purpose: PLACEHOLDER Revise volume cap statutes (17-5-1311, MCA et. seq.) to change the set-aside allocation percentages and clarify the Governor's authority to approve or disapprove allocations after the set-aside date expires (September 1).				
2. Background: Existing set-aside allocation percentages do not reflect current use by the bond issuing state agencies. In addition, the statute is unclear as to whether the Governor has authority to disapprove an application for allocation after the set-aside period expires.
