5 **Section 2.** Section 76-3-504, MCA, is amended to read:

6 **"76-3-504. Subdivision regulations -- contents.** (1) The subdivision regulations adopted under this
 7 chapter must, at a minimum:

8 (a) except as provided in 76-3-210, 76-3-509, or 76-3-609(3), require the subdivider to submit to the
 9 governing body an environmental assessment as prescribed in 76-3-603;

11 (c) prescribe the form and contents of preliminary plats and the documents to accompany final plats;

 13 unsuitable for subdivision development and prohibit subdivisions in these areas unless the hazards can be
 14 eliminated or overcome by approved construction techniques;

15 (e) prohibit subdivisions for building purposes in areas located within the floodway of a flood of 100-year

 26 may not delay the governing body's action on the plat beyond the time limits specified in this chapter, and the
 27 failure of any agency to complete a review of a plat may not be a basis for rejection of the plat by the governing
 28 body.

29 (i) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider
 30 to:

1 (i) reserve all or a portion of the appropriation water rights owned by the owner of the land to be

19 acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated
20 land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable;
21 or

22 (ii) the water rights are removed or the process has been initiated to remove the water rights from the
23 subdivided land through an appropriate legal or administrative process and if the removal or intended removal

6 the final plat in their true and correct location. The utility easements must be of sufficient width to allow the
7 physical placement and unobstructed maintenance of utility facilities for the provision of utility services within
8 the subdivision.

9 (2) In order to accomplish the purposes described in 76-3-501, the subdivision regulations adopted
