8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

9

10 **Section 1.** Section 53-24-206, MCA, is amended to read:

11 **"53-24-206. Administration of financial assistance.** (1) The department may apply for and receive
12 grants, allotments, or allocations of funds or other assistance for purposes pertaining to the problems of chemical
13 dependency or related social problems under laws and rules of the United States, any other state, or any private
14 organization.

15 (2) The department may cooperate with any other government agency or private organization in
16 programs on chemical dependency or related social problems. In carrying out cooperative programs, the
17 department may make grants of financial assistance to government agencies and private organizations under
18 terms and conditions agreed upon. If the department is providing financial assistance originating from a federal
19 grant, the terms and conditions imposed by the department may not be more stringent in any way than the terms
20 and conditions required by the original granting entity.

21 (3) (a) In administering proceeds derived from the liquor license tax, the beer license tax, or the wine
22 tax, the department shall distribute those funds appropriated by the legislature. Money that is appropriated for
23 distribution to approved private or public programs on a discretionary basis must be distributed to those
24 programs that can demonstrate that:

25 (i) the program is achieving the goals and objectives mutually agreed upon by the program and the
26 department; and

27 (ii) the receipt of additional funds would be justified.

28 (b) The remainder of the proceeds must be distributed to the counties for use by approved private or
29 public programs. The distribution of these proceeds is statutorily appropriated as provided in 17-7-502 and must
30 be distributed in the following manner:

1 (i) Eighty-five percent must be allocated according to the proportion of each county's population to the
2 state's population according to the most recent United States census.

3 (ii) Fifteen percent must be allocated according to the proportion of the county's land area to the state's
4 land area.

5 (c) Money distributed under subsection (3) may only be used for purposes pertaining to the problems
6 of alcoholism and chemical dependency."
