HB 435

January 30, 2005

Representative Joan Andersen
P.O. Box 200400
Helena, MT 59620-0400

Dear Rep. Andersen:

We are writing you in regard to HB435 – “Governor’s Best and Brightest Post-Secondary Scholarship Program”. Currently, we home school our four children from 5th grade down to kindergarten. While we are thrilled that this bill would create special scholarships for graduating high school students, we are extremely disturbed that our children would be excluded because we home school. As you are well aware, parents of home school children pay Federal and State taxes just like any other constituent. House Bill 435 needs to allow all Montana’s children to compete for these scholarships on a level playing field.

Please include all of Montana’s hard working students: public, private and home schooled.

Thank you for your time and attention to this matter.

Sincerely,

Jeffrey Kreamer, R.Ph., M.B.A.

Darcy Kreamer
