Chairman Olson
Members of Federal Relations Energy &
Telecommunications Committee

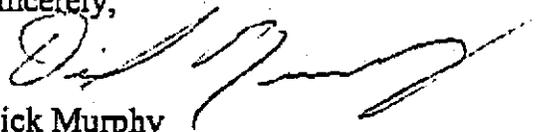

RE: Senate Bill 415

Greetings;

I would like to go on record as supporting SB 415, The Montana Renewable Power Production and Rural Development Act. I believe this bill will help us towards a goal of getting a wind project going in Park County.

Thank you for your consideration.

Sincerely,

Dick Murphy
Park County Commissioner

Federal Relations, Energy and Telecommunications

Re: Senate Bill 415

Please note that I support SB 415 as a viable way of implementing renewable energy systems for the State of Montana.
