DP 20 SCHOOL FACILITY REIMBURSEMENT

"DP 20 School Facility Reimbursement" is also on page E-21.

The state's payment for school facilities is based on a formula in statute. School facility payments are made to eligible districts to help pay for debt service on bonds. The amount needed to add to the base year payments is \$140,588 per year. This decision package maintains the amount needed to pay the state's obligation to schools under present law at the FY 2005 level. This is a biennial appropriation.
