

EXHIBIT 111

DATE Jan 19, 2005

HB _____

I first got sick in my junior year of high school

I like PACT because they help me with medication, which helps me to cope with deceased people.

I like PACT because they help me to clean my apartment so it looks nice for inspections.

I like PACT because they don't like me to call every few minutes when they said they would come.

I like PACT because they help me get to the Laundromat, because once my clothes, some of them were swiped from Sunset Capitol apartments.

I like PACT because they help me get to the bus depot for trips to Kalispell because of my anxiety.

I like to be with PACT because their attitude is very good with doing errands like going to the grocery store.

I would like to be with PACT for a long time
