DEPARTMENT OF VETERANS AFFAIRS

Readjustment Counseling Service

1-20-05

Dear Senator Greg Lind

I am writing you regarding my daycare. I am a disabled veteran and a mother of two boys. I was discharge from the Navy in 2000. My two boys have attended Angel Childcare since they were 4 and 2 years old. Angel childcare has become a home away from home for my children. I trust that when I dropped them off every day they will receive the same care if not better than I could give them. I left a violent marriage and they have helped my children adjust. My younger son was afraid of men. They have showed my children friendship and love. I can never repay my daycare for all the help they have given me. I have a great job and the comfort of knowing my children are in a loving and caring environment. Sometimes my boys would rather be a daycare than with me. Thank you for all of your time.

Sincerely,

Heather Kohut
Office Manager
