

Amendments to House Bill No. 5  
1<sup>st</sup> Reading Copy

For the House Long Range Planning Appropriations Subcommittee  
Prepared by the Architecture & Engineering Division  
Revised February 2, 2005

1. Page 2

**Following:** line 19

**Insert:** "DPHHS Commodity Warehouse Expansion, Helena 2,000,000 Federal Special Revenue, Donations and Grants [Other Funding Sources]"

Explanation: This amendment adds one project to House Bill No 5. In the past DPHHS has submitted multiple grant applications intended to fund improvements to this facility but to-date have not asked for spending authority. If they receive a grant between sessions they will not possess the legislative authority to proceed and, in the case of federal obligation deadlines, the state may miss an opportunity to use non-state funds to provide improvements to this facility. This amendment will provide spending authority for this project.
