	Total cuts below \$4,500 in HB 9 cuts				\$ 6,272
	Net funds				\$ 1,428

Grants requesting more funding and zero funded grants requesting funding

Some organizations requested more funding in their testimony; all organizations need what they requested, but they didn't verbalize that need. Instead they supported the application process, which includes the recommendations of the Advisory committee. There is only 37 cents available in HB 9 for every dollar requested. If there are additional funds available, the sub-committee should certainly allocate them as they see fit.
