

Permitting and Compliance
Division

Program 50

Who We Are

Permitting and Compliance Division

- Air Resources Management Bureau
- Environmental Management Bureau
- Industrial and Energy Minerals Bureau
- Public Water and Subdivision Bureau
- Waste & Underground Tank Mgm't Bureau
- Water Protection Bureau

012 TAPE 2 SIDE A

What We Do

Permitting and Compliance Division

- Review, assess, and take appropriate action on environmental permit applications
- Compliance monitoring, inspections
- Technical assistance, training, customer service
- Fiscal, personnel, and administrative support

054 TAPE 2 SIDE A

What We Do
Air Resources Management Bureau

 Visibility Protection	 Stationary Source Permitting	 Smoke Management
 Residential Wood Combustion		 Mobile Sources

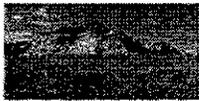

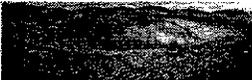

056 TAPE 2 SIDE A

What We Do
Environmental Management Bureau
Hard Rock Mining

 Landusky 1993 Near Full Build Out	 Major Facility Siting Act
 Landusky 2004 Reclamation In Progress	 Transmission Line Siting

085 TAPE 2 SIDE A

What We Do
Industrial and Energy Minerals Bureau
Coal & Uranium Program

 Active Mining	 Reclaimed Mine Area
 Before	 After

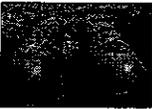

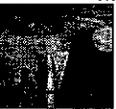

120 TAPE 2 SIDE A

**What We Do
Public Water and Subdivisions**

	
Subdivision	Public Water
	
Operator Certification	

134 TAPE 2 SIDE A

**What We Do
Waste and Underground Tank Management
Bureau**

		
Solid Waste	Hazardous Waste	Septic Pumps
		
Underground Storage Tanks	Asbestos Management	Motor Vehicle Recycling and Disposal

175 TAPE 2 SIDE A

**What We Do
Water Protection Bureau**

	
Storm Water Sampling	318-Stream Disturbance
	
Concentrated Animal Feeding Operation	Industrial Discharge

226 TAPE 2 SIDE A

Our Accomplishments

- 82,000,000,000 gallons of discharged water meets standards
- 2,500,000,000 pounds of solid waste and potential leachates contained
- Safe drinking water provided for 1,000,000+ citizens and visitors has been tested or treated for up to 12.0 regulated contaminants

24.7 TAPE 2 SIDE A

Our Accomplishments

- 207,000,000 pounds of regulated air pollutants prevented from being emitted into the air that we breathe
- Oversight of permits that require reclamation of 130,000+ mined acres

27.7 TAPE 2 SIDE A

Major Decision Packages

- Water Protection—5.0 FTE, reduce to 3.0 FTE
Wastewater discharge, coal bed methane, CAFO—
increasing workload and backlog
- Air Permitting-Oil and Gas Production—3.0 FTE
New work
- Public Water Supply—2.75 FTE
New Federal requirements
- Opencut—2.75 FTE
Increasing workload and backlog
- Hard Rock Projects
