Rep. Karl Waitschies, Chairman
House Taxation Committee
Montana House of Representatives
Helena, Mt.

Dear Chairman Waitschies,

We are writing to ask your support in favor of HB 776 dealing with Biodiesel. We feel this project is very important to not only our business as a vegetable oil processor, but also to the 400+ producers we contract crops from on the farm level. Any additional demand for vegetable oil such as Biodiesel will have a positive effect on the economies of the entire State of Montana through additional receipts at the farm level, more jobs to process the production, and more widespread availability of the final product to consumers.

Mr. Waitschies, Thank you for your support in the past and we look forward to being actively involved in this exciting industry of Bio-Fuels.

Sincerely,

Neil Turnbull
