RE: Senate Bill 164
Dean Roebling Memorial Highway

To who it may concern

I was very disturbed by the fatal accident that took Deans life on June 30, 2004.

I am a construction worker and have been all my adult life. I have noticed a higher sense of awareness by the workers on the roadways and that extra glance at the traffic when working around the traveling public since this tragic accident. If the ability to name the section of Main Street for Dean is successful then maybe this will keep this tragedy in the front of peoples minds and be a little more aware of the tragedy that has fallen on the Roebling family. If this act reminds one person of this tragedy and saves one life it would be worth it. For all the people working on the roadways and all the people driving the roadways this would be a good reminder of the need to be safe and careful when driving in work zones. This is the least we can do to honor a great person and show support for his family.

I ask that you pass this bill and allow some good to come from this tragedy.

Sincerely,
JTL GROUP, INC.

Re: Dean Roebling Memorial Highway Bill

Dear Senator Gillan:

I am requesting the proposed bill be passed for the Dean Roebling Memorial Highway. I didn't know Dean personally but many of my co-workers did and I saw the profound affect Dean's tragic death had on them. I live in the Billings Heights and would appreciate this bill being passed as not only a memorial to Dean but a constant reminder to those traveling daily in the area of the horrific accident and what can happen to an innocent victim of a drunk driver.

Barb Rexford

To Whom It May Concern:

As a person who makes his family's living working in construction, I fully support the Senate bill 164 to name Highway 87 in the Billings Heights -- The Dean Roebling Memorial Highway.

This will go far in creating more awareness for the safety of our construction and highway workers.

Thank you for your time and consideration.

Sincerely,

RE: Dean Roebling Memorial Highway Bill

Dear Senator Gillan;

Please consider this letter my endorsement of your proposed bill. This tragedy affected me personally, I knew and worked with Dean on several projects in the past few years, and the job he was killed on was being performed by a sister company (Empire Sand & Gravel Co) to the company I represent (JTL Group Inc.-Billings). I was at the scene the morning of the event, and several of my friends and coworkers were onsite when it occurred. The incident that occurred was a senseless act that never should have happened, and possibly by affixing permanent recognition to what occurred that night, it would serve as a reminder to all motorists what can occur with drinking and driving as well as serve as a memorial to Dean, his family, coworkers and friends as they continue to deal with the tragedy. The event has left permanent scars on several people in our community, and especially the Billings Heights, where I live. All of our employees support this effort as does our company, and myself personally. I do reside in your district and appreciate your support to this effort.

RE: Dean Roebing Memorial Highway
Senate Bill No. 164

Dear Senator Kim Gillam:

Dean Roebing worked for me for over 6 years. It was always a pleasure to be around Dean. I have been in this business 32 years and have not had a more conscientious worker than Dean. He truly cared for every project he was working on.

On the Main Street project, Dean worked diligently to ensure that the paving project would turn out to be the best job possible. The morning of his death, Dean was on the roadway where he was suppose to be doing the job he was suppose to be doing. He truly cared.

What better way, what better opportunity, than to rename Main Street in his name and in his memory.

Sincerely,

Paul R. Reynolds
Principal

RE: Dean Roebling Memorial Highway

To whom it may concern:

I personally got to know Dean when he worked for us in Belgrade. I support the bill to rename Main Street in Billings to the Dean Roebling Memorial Highway.

If there are any questions, please call.

Sincerely,

Senator Kim Gillan

RE: Dean Roebling Memorial Highway

Dear Senator:

Please be advised that High Tech Construction is in favor of renaming the section of Highway US 87 known as Main Street as the Dean Roebling Memorial Highway. Dean was struck and killed on Main Street on June 20, 2004 while working on the Montana Department of Transportation Main Street overlay project. This tragedy cannot be erased, but by renaming this highway maybe people will remember what happened and slow down in construction zones.

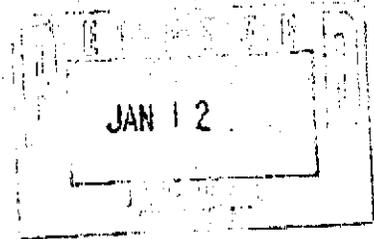

Cordially yours,

HIGH TECH CONSTRUCTION

ENGINEERING, INC.
Consulting Engineers and Land Surveyors

January 11, 2005

Reference: Dean Roebling Memorial Highway

TO WHOM IT MAY CONCERN:

It is our understanding that a bill is being carried during this legislative session that would rename a portion of U.S. Highway 87, currently referred to as Main Street, as the Dean Roebling Memorial Highway. Dean was well known and respected in the construction industry and we at Engineering, Inc. had the pleasure of knowing him both professionally and personally. It was a tragic accident that took Dean's life that night, but with this small gesture we can all be reminded of the man he was and how vital a part he was in so many lives.

At Engineering, Inc., we wholeheartedly stand behind this bill and ask for your support in passing the measure.

Sincerely,

Rick Leuthold, PE
President
