Additional Comments:

We have had a very successful legislative session, and I thank you all for your hard work and consideration. I realize that you are all facing a hard decision in light of of necessary budget cuts, but I would like to urge you to please not cut HB 435. Higher education in Montana, something I think is very important for the improvement of this state, is suffering. As a student at the U of M I have seen first hand and felt the hardships hitting higher education. Again, Please do not make cuts to the necessary funds for higher education.
