Explanation - This amendment provides for language corrections that are necessary to correct legal issues identified in HB 2 by the code commissioner. Items 1 & 2 eliminate language that mandates the office of budget and program planning to approve a budget transfer activity that is discretionary in statute. Item 3 eliminates language that provided a change to substantive law and therefore not appropriate in house bill 2. Items 4 & 5 clarifies the restricted appropriation for RC & D projects in the

department of commerce by providing the correct program description.
