

Amendments to House Bill No. 2  
3rd Reading Copy

For the Senate Finance and Claims Committee

Technical Amendment

Prepared by Alan Peura  
April 1, 2005 (8:13am)

1. Page E-13, lines 22 through 25.

**Following:** "regents." on line 22

**Strike:** remainder of line 22 through line 25 in their entirety

Explanation - This eliminates the language that defines the requirements for matching funds associated with the five new proposals for the five research/public service agencies in the Montana University System budget. If all five of those positions are eliminated by HB 2 amendment (as written in amendment number HB000225.aag), then this associated language also needs to be eliminated. If, however, any one of those five positions is maintained, then this language needs to remain in HB 2 in order to define the matching funds requirement.

There is no fiscal impact.
