1-4. These amendments correct the funding of the 1)DPHHS Commodity Warehouse project and the 2)MLEA Public Safety Learning Center project. Currently, these projects are listed as authority projects. Most if not all the funding will be from federal sources, which require appropriation, so this change is necessary.

5. This amendment corrects the name of the UofM Native American Study Center project. The authorization for this project augments an authorization from 1999. This change is desired to make the naming of the project consistent with 1999 session law.

6. This amendment reduces the appropriation of state special revenue funds to correspond with funding in HB 2.
