

SENATE HIGHWAYS AND TRANSPORTATION

Mr Chairman and Members of the Committee,

EXHIBIT NO. _____
DATE: 4/5/05
BILL NO. HB 673

For the record, my name is Hannah Estell. I am a homeschooled eighth grader from Benchland, Montana. I would appreciate your support of House Bill 673 because this will help the kids that are on long waiting lists to be able to use the program and not have to pay for it. This program will give kids a chance to drive at any time of day and under multiple weather conditions. Thank-you so much for your time.
