

Mr Chairman and Members of the Committee,

SENATE HIGHWAYS AND TRANSPORTATION	
EXHIBIT NO.	5
DATE:	4/5/05
BILL NO.	HB 673

My name is Bethany Estell. I am a tenth grade homeschooler from Benchland, Montana. I would appreciate your vote of yes on House Bill 673. One of the reasons I think this bill should pass is that it would be convenient to the many rural families across the state. Also, these families would no longer have to pay the usually high price charged for drivers education. Many families cannot afford to pay the price charged for drivers education. Again, I would appreciate your support of House Bill 673. Thank-you for your time. God bless you all.
