Testimony in Favor of Senate Joint Resolution. No.19  
February 15, 2005

Good Morning, <sup>My Chairmen and</sup> Members of the Senate Judiciary Committee.  
*For the RECORD,*

I am Pat Hennessey, Registered Dietitian and a Licensed Nutritionist.

My father and all my grandparents were born in Ireland. My mother was born in Dublin Gulch in Butte. The importance of freedom and the privileges we enjoy as citizens of Montana and of the United States was ingrained in us as we grew up in Butte. We were taught to value and honor and protect these rights and responsibilities.

Recognizing my debt to my family past, present and future, I was a proud member of the committee that drafted the Resolution for a Safe and Free Helena and I am here today to urge you to unanimously pass our resolution out of committee and on to the full Senate so they, too, can unanimously vote yes on it. It is the right thing to do.

Thank you.
