January 12, 2005

Dear Legislators:

In regards to LC1949 the following tow truck companies need your support. Many times we tow vehicles in that have no insurance coverage, and the vehicles are not even worth the tow bill. So once the owners get there personal belongings from the vehicle we never see them again, and we are stuck disposing of there vehicle. Any extra collateral would be beneficial in getting the towing paid. The vehicle owners need to be responsible for there vehicles. Please help us on this issue.

Sincerely, Carl Halcro President Great Falls Tow Truck Association
