

Session No. 17
Date 3-10-05
HB 324

Regarding House Bill 324

Dear Members of the Committee,

I am one of the law abiding citizens who would be affected by this bill.

I ask you to vote against this bill for many reasons. Some reasons being we already have laws to keep the peace, laws against harassment, laws against the hindrance of people's free access to and from medical facilities.

Should this bill pass and be made law it would be a violation of our Constitutional freedom of speech. As Article One in our Bill of Rights states, "Congress shall make no law...abridging the freedom of speech." House Bill 324 certainly would abridge that freedom, and all who would vote in its favor must disregard his oath of office.

I am a woman with a heart to reach out and help those who are in need. It is my desire to continue to offer knowledge and encouragement to my neighbors who would otherwise be ignorant of the fact that abortion means the death of a child. I would like to retain my freedom to share such information with the public, therefore I urge you to vote against this bill.

Thank you for your time and consideration.

Sincerely,

Ursula D. Martin
