To; Whom it may Concern
Committee considering SB 210
Corridor of Discovery

Dear Sirs;

I have been informed that SB 210 is a bill intended to create a committee that would work for the interest of establishing a trail corridor using the existing Rail Road Tracks Between Helena and Great Falls, Montana.

I would like it to be known that I am in favor of establishing such a study group and would consider the final outcome to have a non-motorized trail connecting Helena and Great Falls to be a positive for the rural economics of the area. I believe properly done that a World Class Trail can be achieved. I am sensitive to concerns of other landowners and the committee should work to protect their interests.

Sincerely

Zack Wirth
