DATE 3.11.05

RES. NO. SR 9

*Access & Excellence*

**Resolution regarding the affirmation of commitment and clarification of interests on the behalf of the Associated Students of Montana State University – Billings, with direct regards to Student Regent Kala French**

- 1 Whereas the Associated Students of Montana State University-Billings attest to the high level of commitment of Student Regent French, as exemplified in her monthly Board of Regents newsletters, perpetual correspondence, and steadfast mission to keeping the Montana Associated Students informed and active on pertinent issues.
- 2 Whereas statements alleging a conflict-of-interests within Student Regent French's professional character are not viable, as any of the Montana Board of Regents could potentially be put in a compromising predicament due to professional activities outside board processes.
- 3 Whereas the student regent's commitment to the students of the Montana University System should be based upon the regent's involvement within MAS and amongst individual campuses, not upon having outside allegiances which bear no relevance upon the students of the Montana University System.
- 4 Whereas Student Regent French continually calls upon MAS for feedback regarding her work
- 5 Whereas no one member of the MSU-Billings student body has approached the Associated Students of Montana State University-Billings with concerns germane to Student Regent French's credibility or capacity to serve the students of the Montana University System.

**\*\*Therefore, let it be resolved that the Associated Students of Montana State University-Billings express their support for Kala French as Student Regent and urge the Montana Senate to confirm her appointment.**
