RE: Kala French recommendation

To Whom It May Concern:

A very important decision regarding the appointment of Student Regent Kala French has once again been placed upon the Montana Associated Students (MAS), along with the Montana Senate. As we all know, whatever the outcome may be, this decision is going to affect not only Kala, but all of the students in the Montana University System (MUS).

For the short amount of time that I have known Regent French I have been able to find out many honorable attributes that allow her to be a superb leader. Along with being sociable, intelligent, and enthusiastic, Kala also keeps her lines of communication open and is always available to answer any question that may come up. She has mentored me through my first year of being a voting member of MAS and has inspired me to continue work as hard as I can to be a leader on and off my college campus.

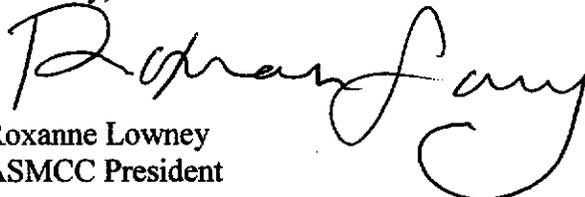

What Regent French has done for the students of Montana far exceeds the above mentioned. She has diligently worked to solve problems of transferability. She also continually strives for greater access and affordability within the MUS through working with the Shared Leadership program.

Kala communicates her efforts through a newsletter that is sent to every college within MAS, which helps keep the members informed and up to date with current issues, especially pertaining to legislative bills that may be of interest. The reason she is able to efficiently do this is because she worked around her academic schedule in order to move up to Helena and witness first hand the bills pertinent to her regent responsibilities.

As the confirmation of Regent French's appointment draws near, I ask you to recognize the great deal of time, effort, and passion Kala has put in to fulfilling her duties and making decisions that will help each student of the MUS to reach their full potential.

If you have additional questions about the unanimous stance that the Associated Students of Miles Community College have taken in support of Regent French, please contact me at 406.874.6221 or e-mail: [roxanne.lowney@spo.milesc.edu](mailto:roxanne.lowney@spo.milesc.edu).

Sincerely,

Roxanne Lowney  
ASMCC President
