

SENATE STATE ADMIN.

EXHIBIT NO. 4

DATE 3-14-05

MAIL NO. 3612

Dear Senators:

I urge you to support Burl French's official confirmation to the state electrical board. Burl has done an excellent job for all Montanans during his first 1 1/2 years of service on the board. Burl is a fair and dedicated individual who has proven himself worthy of the responsibility of making decisions for the electrical industry. It would be an injustice to Burl and Montana not to let him continue as part of our electrical board.
